

Ambulatory Care Services

Department Director:

Dr. Avinoam Skolnik,
Specialist in General Surgery

Head Nurse:

Mrs. Sarah Amsalem,
RN/BA,
Advanced professional studies in OR and clinical supervision.

General Description

The Ambulatory Care Department provides solutions for short term care. Most of the patients are surgery patients who are referred from the ER or from the delivery rooms. There are also patients who have undergone minor surgery like plastic surgery or E.E.G. The Ambulatory Care Department receives patients before and after surgery, prepares them for surgery and takes care of them after recovery.

The department includes a large room with 9 beds and an additional 2 rooms with 2 beds each.

The Senior Medical Staff

The medical staff includes doctors from Surgery, Orthopedics and Urology.

The Nursing Staff

The nurses together with the nurses' aides give individualized nursing care as per the needs of the patient.

Hours for Medical Rounds

All week between 9:00 – 12:00.

Medical Information

The staff is available to answer all questions.

Doctors: in the Surgery Department at 14:00.

Nurses: at all hours

Meeting with the social workers, dieticians and physical therapists can be set up through the head nurse or department secretary.
